Claimed by the Entente Allies Along Three Army Fronts

PETROGRAD ISSUES A STATEMENT

Claim Cossacks Have Been Raiding Hungary

SUCCESSES ARE CLAIMED

By Both Sides In Region of Kovel and Balkans Are Attracting Much Attention—Fighting Continues In Somme Region, French Taking German Defensive Positions.

(ASSOCIATED PRESS TELEGRAM)
London, July 5, 12:30 p. m.—Pressure of the entente allies on the Central Powers continues without abatement and while nowhere has any great amount of territory been recovered important strategic gains are claimed on the western, eastern and Italian fronts. So far as the western front is concerned, the first phase of the Anglo-French offensive is believed to be nearing the end. Both north and south of the Somme the French and British are engaged in organizing positions captured since Saturday. The French having taken all the German defensive positions south of the Somme are now fighting in open country and cavalry which has been so long idle is being employed for patrol work.

The next objective of the French in this region is the village of Bar-lez, which is the junction point of three highways leading to the Somme south of Peronne. If this position is gained the French will be in position to attack the bridgeheads opposite Peronne, which the Germans are strengthening. North of the river the Anglo-French advance is slower on account of the fact that the Germans have massed between the river and Hebuterne the bulk of the 26 divisions which originally held this front and of the reserve they have since brought up. After the German gain has been consolidated it is expected artillery preparation for a second big thrust will be made.

The Italians, after regaining territory in the Trentino, are reverting to their original plan of campaign and are attacking along the lower Isonzo where they have gained some lesser successes.

Important news comes from Petrograd. Russian advance guards on General Lechitzky's extreme left are engaged with Austrian rear guards on the spurs of the Carpathians, and unofficial reports even say Cossacks have been raiding Hungary. General Lechitzky's right has opened a passage in the direction of the stretch of railway connecting the rear of the entire Austrian front—Kolomea-Stanislaus-Lemberg—while the occupation of Delatyn for which the Russians are making, would sever the communication of General von Bothmann.

Both Field Marshall von Hindenburg and Field Marshall von Mackensen are reported to have arrived at Kovel to direct operations designed to break the Russian line in Volhynia. The latest official dispatch continues claims by both sides to successes in this region. Press dispatches this morning emphasize the importance of the Russian victory near Baranovichi, where the latest stroke of Emperor Nicholas' forces has been delivered.

Meanwhile the Balkans are attracting more attention than for some time.

Military activities are being revised and the successes of the entente allies are reported to have caused a renewal of the propaganda of pro-entente politicians in both Greece and Rumania.

FRENCH SOLDIERS ARE HOLDING ALL OF THE APPROACHES.

Paris, July 5, 11:58 a. m.—The French have captured a line of German trenches east of Curly, the war office announced today.

They have also captured Sormont farm, facing Clerly.

New Progress Is Reported for French and British Who Push Back German Lines

Yard by yard the German lines are being pushed back by the entente allies under the steady hammering of their offensive movement on the western front. New progress for both the French and British is reported by Paris and London today.

While keeping up the work of clearing the southern bank of the Somme in the field of their attack the French are now pushing eastward from Curly north of that

NO MENIAL DUTIES AWAIT ROOKIES ON SUMMER SEA CRUISE

Battleship Kentucky; sailors at gun practice; group of sailors on battleship.

Hundreds of citizens will avail themselves of the opportunity of taking a summer cruise on the Kentucky or some other battleship this summer, during which they will prepare themselves for naval service in time of war. Word has been passed out by the navy department that these rookies, many of whom are millionaires, will not be required to shovel coal or do any other menial sort of labor while on the cruise.

OFFICERS OF CAMP WILLIS AWAIT WORD

From War Department Before Proceeding to Muster in Militiamen—May Send Ohioans to El Paso.

(ASSOCIATED PRESS TELEGRAM)
Camp Willis, Columbus, July 5.—With refreshing breezes sweeping over Camp Willis today federal mustering officers were "marking time" while awaiting information from the war department as to whether or not their recommendation that the various guard companies which fell behind in the midwinter inspection should be accepted now for federal service. They are expecting to hear from the department hourly. Until these organizations which include companies in every regiment except the Second, are approved the work of mustering the troops into the Federal service cannot proceed.

Evidence multiplies that it is the purpose of the war department to make Camp Willis of much more than temporary use. The erection of large mess and kitchen shelters, buildings some 90 feet in length, 14 feet high, indicates to National Guard officers that the war department intends to use Camp Willis for an indefinite period.

After the troops leave for the south, it is understood a fourth battalion will be recruited in Ohio to make up vacancies that may occur in the regiments. From the present outlook it is not likely that any troops will be started south from Camp Willis this week. The Eighth regiment, it is understood, will be the first command to go. The impression is that El Paso, Tex., will be the destination of the Ohio troops. Camp Willis Columbus Add lead.

Captain J. George Mannhardt of Gallon, surgeon in the medical corps on duty with the Eighth regiment, is the first officer to be turned down for the United States service by Federal inspectors.

REFUGEES ARRIVE ON TRANSPORT

Flee From Mexican Towns and Ranches—Give Up Money, Arms and Ammunition.

(ASSOCIATED PRESS TELEGRAM)
San Diego, Cal., July 5.—W. M. Holton of St. Louis, an employee of the United Sugar company of Los Merichis, Mexico, who arrived last night on the naval transport Buffalo, with 538 other American and British refugees from the west Mexican towns and ranches, said today that he was one of a party of eleven Americans who were held recently by Carranza soldiers near that town. Money, arms and ammunition were taken from them and they were told to get out of Mexico as quickly as possible.

Twenty-three Americans were left at Los Merichis guarding the sugar refinery there and they have been given word by Carranza officials that they will not be molested within 24 hours after the declaration of war between the United States and Mexico, Holton said. More than 15,000 gallons of alcohol are stored in the tanks adjacent to the sugar refinery and every effort is being made to ship this out of the country. The sugar cane crop this year is exceedingly large and as 12,000 Mexicans around Los Merichis depend upon the refineries for a living the Carranza authorities do not care to stop the mills unless ordered by the first chief, according to Holton.

Mrs. E. E. Watson, aged 65, of New York City, told a story of how, riding in a caboose, attached to a Mexican Southern Pacific pay train, carrying more than \$145,000 in gold, she escaped possible harm from bandits in a wild ride from Ortiz to Empalme. She said she no sooner had reached Empalme when news came that Carranza soldiers had seized the railways throughout northern Mexico. More refugees will arrive from Salina Cruz and Manzanillo on the supply steamer Glacier early next week.

Many of the refugees landed here by the Buffalo are penniless and they were cared for today by the San Diego chapter of the Red Cross.

POLICE GUARD THE MEXICANS

(ASSOCIATED PRESS TELEGRAM)
Vinita, Okla., July 5.—Mexican residents of Vinita are being guarded by police today as a result of threats made against them by 100 citizens last night. Enraged by reports that a Mexican slumped a small American boy, a number of Mexicans were driven from the city while others were forced to take refuge in the county jail, which was guarded by police against attempts to surround the building. Mexican residents and stores were draped with flags and bunting by the crowd. Several arrests were made.

SIX MEN IN A CAR WITH GIRL'S BODY

Salem, Mass., July 5.—Attracted by the mysterious movements of an automobile, which had sped up and down Boston street for half an hour early today, Policeman Dennis Healy stopped the car and discovered within it the body of Miss Margaret Ward of Peabody. Six men who were in the car, one of whom was former state representative, Charles R. O'Connell of Peabody, were arrested by Healy. At police headquarters a charge of being accessories to illegal medical practices was placed against the men.

In addition to the former representative they included his brother, James O'Connell of Lynn; George A. Hardwell, a member of the crew of the U. S. cruiser Kearsarge; Daniel J. Dineen and William D. Conlin of Salem; and Thomas J. Sexton of Peabody, who had driven the car.

Policeman Sergeant C. A. R. Duffee identified the dead woman as his sister-in-law. Later he went to Boston in an attempt to locate the house from which the young woman was said to have been removed. According to the police Miss Ward died after having been placed in the machine.

Medical Examiner Frank S. Atwood, after viewing the body, said he would make no statement until he had consulted with District Attorney Louis Cox.

Meanwhile Bardwell, Sexton and Charles O'Connell were released under \$2,000 bonds each.

Miss Ward was 26 years old and recently had been employed in a Peabody store.

EPIDEMIC

OF INFANTILE PARALYSIS IS PREVALENT IN NEW YORK CITY.

Has Assumed Serious Aspect and 50,000 Children are Taken Out of City—524 Cases Reported.

(ASSOCIATED PRESS TELEGRAM)
New York, July 5.—The average of one death an hour was maintained today by the infantile paralysis epidemic, twelve children dying of the disease between 10 o'clock last night and 10 o'clock this morning in five boroughs of New York City.

New York, July 5.—The epidemic of infantile paralysis here has hastened the departure of thousands of families who usually leave for the summer. Estimates made by the health department officials of the number of children who have been taken out of the city since the epidemic became serious, runs as high as 50,000 but this is the season when the city population is annually reduced by the summer exodus.

Thus far 524 cases of the disease have been reported to the board of health and one hundred and twenty-six persons have died. Already 25 deaths were reported by the health department and the situation is discouraging. Nevertheless requisition was made for fifty additional trained nurses, 48 hospital nurses with domestic and children to be employed in caring for the little patients. The order of the health commission placing children under 12 from moving picture shows went into effect today.

During that period of 48 hours there were 178 new cases reported, of which 102 occurred in the last 24 hours in or near the seat of the epidemic in Brooklyn. In one Brooklyn hospital today there were 225 children, victims of the disease, many of whom it was said, had only a slight chance of recovery.

Health Commissioner Emerson was in conference with his assistants and a corps of medical experts all morning and at noon, it was announced that the meeting was to be resumed this afternoon. It is understood that drastic measures to rid (Continued on Page 6, Col. 4.)

GREAT STORM IS SWEEPING GULF COAST

(ASSOCIATED PRESS TELEGRAM)
New Orleans, July 5.—A wind and rain storm with the wind reaching a reported velocity of 80 miles an hour at Pensacola and 60 or more at points west of there on the coast, swept in from the Gulf of Mexico today. Reports early this afternoon were that the wind was increasing and apparently the storm was rapidly moving westward.

Telegraph companies reported that Pensacola was cut off at 9:30 o'clock this morning, and hours later prospects of getting into direct communication with that city were meager. Wire service all along the Mississippi and Louisiana coasts was interrupted.

Shipping at Mobile suffered and docks at Fort Morgan were destroyed. The 60 mile gale swept through the streets of Mobile breaking windows and doing other damage.

The wind was high at New Orleans but no serious damage has been reported.

Is Conciliatory in Tone and Probably Will Be Means of Averting Crisis Between Mexico and United, and Threatening Hostilities Will Be Avoided—Secretary Lansing Communicates Mexico's Reply to Pres. Wilson, but Makes No Comment—Note Opens the Way for an Amicable Adjustment

A FURTHER INTERCHANGE OF VIEWS IS EXPECTED

Washington Officials Impressed By Complete Change In Tone Shown In General Carranza's New Note—Believed Government Will Be Willing to Arrange for Early Withdrawal of Expeditionary Force From Mexico—Regulars and National Guardsmen Numbering More Than 150,000 Will Be Able to Control Situation Along Border and There Will Be No Necessity for Keeping General Pershing's Columns Far Inland.

(ASSOCIATED PRESS TELEGRAM)
Washington, July 5.—The reply of the de facto government of Mexico to the demands of the United States, conciliatory in terms and giving assurances of a desire to reach a friendly adjustment of the difficulties between the two countries, was delivered to the state department today by a Mexican embassy attache.

The text of the note as transmitted by Eliseo Arredondo, the Mexican ambassador designate, follows:

"Mr. Secretary: I have the honor to transmit in continuation the text of a note I have just received from my government with instructions to present it to your excellency.

"Referring to the notes of June 20 and 25 last, I have the honor to say to your excellency that the immediate release of the Carrizal prisoners was a further proof of the sincerity of the desires of this government to reach a pacific and satisfactory agreement of present difficulties. This government is anxious to solve the present conflict and it would be unjust if its attitude were misinterpreted.

"It was also the Mexican government that earnestly suggested a plan for cantonments along the boundary line during the conference of Ciudad Juarez and El Paso. This government is disposed now as it has always been, to seek an immediate solution of the two points which constitute the true causes of the conflict between the two countries, to-wit: The American government believes reasonably that the insecurity of its frontier is a source of difficulty and the Mexican government on its part, believes that the stay of American troops on Mexican territory aside from being trespass on the sovereignty of Mexico is the immediate cause of the conflicts. Therefore the withdrawal of American troops on one hand and the protection of the frontier, on the other, are the two essential problems the solution of which must be the directing object of the efforts of both governments.

"The Mexican government is willing to consider in a quick and practical way and prompted by a spirit of concord, the remedies which should be applied to the present situation.

"Several Latin-American countries have offered their friendly mediation to the Mexican government, and the latter has accepted it in principle. Therefore the Mexican government only awaits information that the government of the United States would be disposed to accept this mediation for the purpose mentioned above or whether it is still of the belief that the same results may be attained by means of direct negotiations between both governments.

"In the meantime this government proposes to employ all efforts that may be at its disposal to avoid the recurrence of new incidents which may complicate and aggravate the situation. At the same time it hopes that the American government on its part may make use of all efforts to prevent also new acts of its military and civil authorities of the frontier that might cause new complications.

"I avail myself of this opportunity to reiterate to your excellency the assurance of my most distinguished consideration.

(Signed.)
"Having thus complied with higher instructions of my government it affords me pleasure to reiterate to your excellency the assurance of my highest consideration.

(Signed.)
"E. Arredondo."

Eliseo Arredondo, Mexican ambassador designate, had this comment to make:
"The note speaks for itself. It is thoroughly explanatory and sets forth exactly the situation with the United States as viewed by the Mexican government."

While the communication bears the signature of Foreign Minister Aguilar, it is believed at both the embassy and the state department it was personally dictated by General Carranza. American officials hope the complete absence of discourteous language and unwarranted charges of bad faith, such as have characterized the last two Mexican notes indicates that much of the suspicion as to the purposes of the Washington government had been removed from the first chief's mind.

Copies of the note were sent by Mr. Arredondo to all embassies and legations in Washington, particularly to the Latin-American diplomats who have sought previously to arrange for mediation of the dispute. Heretofore Secretary Lansing has made it plain that the United States government desired no offer of mediation until General Carranza's attitude and intentions were plainly stated, and the indications are that in the event such offers are now forthcoming, his position was that (Continued on Page 9, Col. 4.)

similar explanations for these activities to those given by the United States for the border mobilization, asserting that they are solely "measures of precaution."

With the diplomatic aspect of the Mexican problem apparently on a more calm basis today, it is obvious that the United States is taking steps to concentrate its military forces in some of the larger cities of northern Mexico, according to Mexican reports here today.

These reports indicate that large commands of volunteers have been mobilized at Chihuahua City, Jimenez, Parral, Rosario, Torreon, and Durango City and are being drilled daily, while Carranzista recruiting agents in those districts have never slackened the activity begun several weeks ago.

RECORDS

BERT O. HORTON, CLERK OF THE LICKING COUNTY COURTS

While serving in the capacity of cashier for the United States Express Company and deputy state oil inspector, first attracted the attention of Licking county voters as being a highly efficient "book man." Then this was further attested to while he was clerk of the county board of appeals. The county in need of a competent man to handle the business of its courts, decided at the election in 1909 to elect Mr. Horton to his present position. He resigned his position with the state and took up his new duties. A short time after entering the clerk's office, Mr. Horton instituted a number of important changes in the bookkeeping system which he has placed on a standard of efficiency second to none. Born in St. Louisville, Mr. Horton attended school in that village and also in this city. Returning to his home he entered the St. Louisville high school from which institution he was graduated. Following this he taught school for one year and then came to Newark and accepted the position of cashier for the United States Express Company, which he filled for five years. He was appointed clerk of the board of county appraisers and while serving in this capacity was appointed deputy state oil inspector of Licking, Knox and Coshocton counties. He was elected clerk of courts in 1912 and in 1914 was re-elected to the office. Mr. Horton is affiliated with the Disciple church and fraternally is a member of Newark Masonic Lodge, K. of P. No. 13, Red Men, Loyal Order of Moose and Modern Woodmen of America. For the past two years he has filled the office of treasurer of the Licking County Agricultural Society and has been very active in this line of endeavor.

units have not been issued the necessary equipment and uniforms to put them in readiness for field service.

Scarcity of bedding, underwear and hose among many of the commands is another source of complaint. Not only is the Ohio mobilization camp the largest in the United States in acreage and number of men but the troops now stationed here will go to the front the most completely equipped and most fit for service of any of the State guardsmen, according to General John C. Speaks.

"The big concentration camps down south of course are much larger, but we have the largest state troop camp in the country," he declared. "Most of the regiments from the eastern department which were sent south had an average of only 65 men to the company, while the Ohio commands are well up toward the maximum."

Two new cases of what is believed to be typhoid fever, were discovered in camp today. Joseph Bohn, aged 19, private of Co. G, Sixth regiment, and Charles Steel of Co. F, also of the Sixth, were the men taken ill. Both are from Defiance. They were taken to Columbus hospitals. It is believed both are mild cases.

A double-header ball game was today played between a team from Co. A, Sixth regiment, Toledo, and team from Co. D, same regiment. Pasteria and Co. H, of the Sixth Toledo. A league is being organized by the men of the various Toledo commands.

Capt. H. H. Tebbets of the Federal army, who has been assigned to duty with the Ohio troops as an inspector-instructor, today was appointed lieutenant colonel of the Fourth regiment, the position held by Adjutant General Hough for many years.

BOOSTER CLUB IS ORGANIZED AT GRANVILLE

Officers Elected and Cash Prizes Offered for Best Suggestion of Name for New Organization.

(Special to The Advocate)

Granville, Ohio, July 5.—As a result of the meeting called by President Chamberlain in the municipal building last week great interest and enthusiasm have been aroused among the representative citizens of Granville, who realize the importance of organizing a chamber of commerce, a boosters club or something along this line operating for the greater prosperity and the civic betterment of the old town. It is to keep up with the march of improvement and expansion in the old college. Accordingly there was a good turnout of public spirited citizens on Monday evening, at the same hour, in the same place. The greatest harmony and the greatest enthusiasm prevailed at this meeting, and a long step forward was taken in the organization of a permanent club by the election of officers and board of directors. Mr. H. W. Deming was temporary chairman and Mr. Harry Pierce, assistant cashier of the Granville bank, was temporary secretary. Interesting talks were listened to and the election of officers resulted in the following: President, Postmaster John Geach; vice president, Mr. H. W. Deming; secretary, Ex-postmaster L. A. Austin; treasurer, Mr. Harry Pierce. A board of directors of which the president is ex-officio member was elected as follows: President, C. W. Chamberlain, Mayor C. D. Coons, George Stuart, J. S. Graham, Burton Case, S. E. Morrow, L. A. Austin, A. P. Nichol. The matter of a suitable name for this organization representing the best interests of the town and community received attention, but, on motion, it was decided to take the public into the confidence of the club by offering a prize of \$5 to the one submitting the most appropriate name. Only one name can be sent in by the same contestant. In the case of a tie between two sent in the same mail, the prize will be equally divided, in case there are more than two sending the same "best name," the one will win which bears the earliest postmark. Secretary L. A. Austin will receive the communications and the names will be read and voted upon at the next meeting which is to be held on Monday evening, July 24. At this time all who are interested in this movement for a greater Granville, will keep in mind the date of the meeting and be on hand to sign up and to vote.

Columbus, July 5.—Federal officers today continued the "weeding out" process at Camp Willis. Physical examinations to eliminate the men unfit for army life were conducted and many were rejected.

What to do with the rejected men is a problem which state militia officers are confronting. The state officers contend that inasmuch as the men passed the examination necessary to join the militia they can continue as state troops and must be taken along with any other troops that may be ordered. The state officers admit, however, that being only state soldiers and not in the service of the federal government, these rejected men could not be ordered across the border into Mexico.

It is probable that those rejected will be given honorable discharges and sent back to their homes.

Mustered of the different units of the guard is continuing rapidly. The entire force included in the war department call for troops is now mobilized at Camp Willis and the different arms of the service are looking forward to early orders to entrain for the border.

JONES TRUCK WENT OVER EMBANKMENT

Due to a fault in the steering apparatus the Columbus truck, of J. S. Jones of the Bryn Du farm, went over an embankment on a road a mile east of Granville and is lying on the side of a creek. The engine and the truck was driven by one of J. S. Jones' employees and one of the occupants of the machine was injured. The machine is badly damaged.

Mr. and Mrs. J. S. Jones of Bryn Du is a member of the Columbus house party at the home of Miss Myra Belle Schumacher.

Mrs. J. S. Jones was a guest of Columbus friends at luncheon today. The motor truck belonging to Mr. J. S. Jones and carrying two men besides the chauffeur, met with an accident yesterday which by a miracle escaped being fatal to all three. In returning to Bryn Du from Granville the steering gear went wrong just at the bridge east of town and the car went down a ten foot embankment, with three men aboard. All escaped injury.

Anglo-French offensive on the Somme. Nevertheless the French continued to push ahead south of the river, making useful gains between Flaucourt and Estress, including the fortified village of Belloy and the woods between Asseville and Barjeux, thus gathering and straightening their line and bringing nearer the capture of Peronne which now is separated from the French advanced post at Flaucourt only by a narrow bare plateau bordering the Somme above Blanche and reaching its highest point 97 metres at the Hamlet of La Massonnette.

Verdun, the keystone of the whole front, continues to play successfully the thankless role of holding and wasting the greatest concentration of the enemy's forces. While General Foch's army is making its attack on the Somme, fighting on the east bank of the Meuse has been revived with something of its old fury. Tuesday the enemy succeeded in capturing Thiaumont work for the fourth time, but the French claim that is not likely to prove of any more advantage than before, since they hold all approaches and the work itself is swept by the guns of Frolde Terre and Belleville.

The first French officer to inspect the German positions captured by the British around Montauban gave today a description of the destroyed village—ruined earthworks and ghastly aspect of the battlefield covered with corpses.

"We reached Mariecourt, which had been bombarded during the night by German shrapnel. It resembled all those villages which had been overrun. Roofs were torn from houses, those walls had great breaches entirely through them. Gardens had been swept away. It was the same spectacle in village after village.

"A vast plain, almost flat had been ploughed with four-inch shells, which were still bursting and giving off their greenish smoke.

"As I reached what was the first German line I thrilled with satisfaction. What wonderful work had been done by our batteries. How splendidly had our British comrades aided us! What formerly was the German line of trenches had now become only a vague chaotic furrow. The ground had been literally turned over. Shells of all calibres had torn the soil until it resembles a choppy sea.

"Barbed wire entanglements were demolished completely and broken wire with fragments of shells were scattered everywhere. A little further on were the first corpses of the Germans—a hideous line along which was the parapet of their trench—awaiting the moment when it would be possible to give them a decent burial. The communicating trench leading to Montauban was nothing but a rough path out every two or three yards, by shell holes. It is strewn with broken rifles, abandoned grenades, cartridges, scraps of garments and pieces of equipment. Everywhere were corpses.

"Montauban, like Vermilles, Ablain, St. Nazaire and Carney has almost disappeared under the fire which it suffered in order to become French again. Having been reconquered, it must still suffer, for shells are raining on the ruins. The Germans had sent away the civilian population and the town was empty when the British entered. But the cemetery was crowded to overflowing, peopled with French corpses."

DETAILS OF NAVAL FIGHT MADE PUBLIC

Berlin, July 5 (By Wire).—Details of the engagement between German torpedo boats and a Russian naval force in the Baltic on the night of June 29-30, were made public today in an official statement issued by the German admiralty. The announcement says: "German torpedo boats which on the night of June 29-30 had an engagement with Russian sea forces now report in detail. The German torpedo boats which twenty miles south of Haefring sighted three hostile torpedo boat destroyers apparently of the Novik type. The Germans shelled them. The enemy immediately turned away and escaped in a rain shower.

"One hour later new smoke clouds were sighted in the east toward which the German torpedo boats immediately turned. Two hostile cruisers apparently one of the Makarov and of the Oleg type and five hostile destroyers were recognized. The German torpedo boats attacked the enemy with torpedoes and artillery. Several explosions on the enemy ships were noticed with certitude.

"At the beginning of the attack the enemy shelled the German torpedo boats heavily with all calibres of guns but after the explosions on the enemy ships his fire decreased considerably. A rising fog caused the adversaries to lose sight of each other."

BRITISH CLAIM FURTHER GAINS.

London, July 5 2:16 p. m.—Heavy fighting continued throughout the night in the neighborhood of the Ancre and the Somme, says an official statement timed 1 p. m. which was given out here today.

"We made further progress at certain important points.

"A Reuter dispatch from the western front says the Germans made a counter-attack on the new British positions at Thiepval after a heavy bombardment but were easily repulsed. Prisoners are quoted as having stated that German units are being rushed to the Somme front from as far as Verdun to the east and Lens to the north.

NEWARK BOYS ARE ENLISTED IN COMPANY G

Cadets of Ohio state university compose the larger part of company G, fourth regiment of the Ohio national guard, in which eight Newark men and two men formerly of this city are enlisted. In the company are wrestlers, banjo and guitar players, tumblers and boxers. First Lieutenant Parker was formerly a teacher in the Newark high school, and was recently elected first lieutenant to fill a vacancy. Harold Wilson, son of Fred Wilson, of West Locust street, is the mess sergeant, and has been active in recruiting in Newark and Columbus.

Private "Buster" Wilson is one of the most important and conspicuous members of the company. "Buster" is a fine Boston bull terrier, and is the company mascot. He is now a familiar figure around the recruiting station on High street, Columbus, and with his new engraved collar and blanket, marked with the insignia of the company, he has attracted much attention. His new raiment was purchased for him by the company, all of whom he now knows. He is the property of Harold Wilson. "Buster" seems to realize that he is now in reality one of the dogs of war.

Among those enlisted from Newark are Harold Wilson, Leland Stevenson, Francis Leah, George A. Bausch, Fred Bowers, Francis McPeak, and George Drake. Corporal Monnett, formerly of Newark, is enlisted in company G.

Dover, Eng., July 5, 1:30 p. m.—The American steamship Jacob Luckenbach was sunk today in collision with an unidentified steamer off Dover. Her crew of 31 was rescued.

The Jacob Luckenbach arrived at Queenstown, June 27 from San Francisco. She was 322 feet long, 2,793 tons gross was built at Sunderland, Eng., in 1881 and owned in New York.

ALFALFA ON EVERY FARM, THE SLOGAN

(Associated Press Telegram)

Marion, O. July 5.—"Alfalfa on every farm" is the slogan to be advanced by the Ohio Association of Alfalfa Growers of which M. C. Thomas, agricultural agent of Marion county, was recently made president.

"Through county organizations, which we hope to perfect throughout Ohio, we hope to teach agriculturalists of the state the advantages offered in growing this crop and 'alfalfa on every farm' we believe will then be a thing comparatively easy of accomplishment."

Mr. Thomas is of the belief that alfalfa growing would not only benefit the individual farmer, but be an asset to the state because of the crops' well known hardness and ready market. He is desirous of extending Ohio's agricultural fame by having it widely known as "the first alfalfa state."

GERMAN LOSS ESTIMATED TO BE OVER 60,000

(Associated Press Telegram)

Pres. Camp in France, July 5, (noon). Via London, 2:15 p. m.—The total number of prisoners taken thus far in the Anglo-French offensive probably has reached 15,000. Judging from these figures, the German losses, as a whole, it is estimated here have been at least 60,000.

It is never a good plan to swap horses while crossing a stream of water—Abraham Lincoln.

The Soldier Spirit.

It is interesting, in looking over the newspaper reports of the mobilizing of the militia for border service, to note how many times it is said that the call is received "with enthusiasm." To the man of middle aged prudence, there would seem little ground for personal congratulation on the part of the soldier.

These soldier boys are going to a hot country in the climax of summer weather. There will be dusty and thirsty hikes over barren desert. They have to meet a foe that knows no laws of war, that will snipe and run regardless of any soldierly code of ethics.

Many of these boys are married men with little families. Others have mothers or other relatives dependent on them. Few of them regret the adventure on the ground of their own personal risk. But many of them must feel sober as they think of home ties.

Yet scarcely any note of this feeling comes to the surface. Youth is restless and craves adventure. Many of these young fellows never went farther from home than the next large town. A journey across a dozen states, new scenes and novel aspects of civilization, contact with the fiery people who torment our southwestern boundary, these things seem to them an alluring experience.

No doubt a lot of patriotic feeling is burning in these khaki dressed figures on their way to a mysterious unknown. There is a sense that in the patient forbearance of the past years, the old stars and stripes have been trailed on the ground, and that it is up to some one to plant the flag of the Lord in the hearts of the heathen. Our country may be a land of dollar chasers, as the Old World says of us. Nevertheless there is a very ardent sentiment of Americanism in the hearts of our young men, as those who provoke it too far will find out.

The Progressives.

The action of Roosevelt and the disruption of the Progressive party will in Ohio cause the return of 75,000 Democrats to President Wilson. In the past these admirers of the spectacular could not be held to traditional moorings. With them on their return will come others who will not acquiesce in the reactionary turn of affairs at Chicago. An indication of what may be expected here is seen in the statement of Francis J. Heney, famous graft prosecutor, of Los Angeles, who was an ardent member of the Bull Moose party four years ago, and who has now come to the support of President Wilson. Without questioning the personal integrity of former Justice Hughes, Heney says his nomination marks the continued domination of the Republican party by the Penrose-Crane-Barnes group. And that's enough for any Progressive.

Workmen's Compensation.

Friends of the compulsory workmen's compensation law which has been before the supreme court for a ruling do not yet know just what action, if any, need be taken to further safeguard the law against present and future attacks. The ruling of the court leaving pending for further argument two important questions causes hesitation in the matter of comment. The fact that it was the intention of the writers of the present law to give the state a monopoly on the handling of relations between employer and employee, to keep the millions involved in the state as now, and to put a stop to the sending of large sums annually to parent employer's liability companies in Perth, Scotland, and London, England, makes it apparent that the campaign now on will witness much discussion of the matter.

The train of events makes the compensation insurance question one of the big issues. It is certain that the Democratic state platform will contain a ringing resolution for a strengthening rather than a weakening of the law. The fact that one or more organizations may back an amendment for a constitutional guard will draw the lines. Knowledge that the present state administration has been unfriendly to the compulsory and state monopoly features of the law, and pre-election alliances, makes the matter an important one.

When the world finally learns that America is indivisible, then the world will learn how truly and profoundly great America is.—From President Wilson's Flag Day speech.

Never before in a national crisis was the country so supremely confident of the wisdom and the courage of its leader.

If we do go to war—while Wilson is president—you may be sure the rifle will be primed with reason.

Smoot, Crane and Penrose are strong for Bull Moose flow. They like it fricasseed.

Some Wilson Advantages.

(New York Journal of Commerce.)
The Administration has the advantage over its opponents of a record of practical conduct and actual effort to point to. It has had a heavy responsibility in a critical period, and on the whole has borne it with marked success, considering its difficulties. It is altogether doubtful whether any other man at the head of the Government, with a cabinet of his own choice, would have done better or been subject to less criticism than President Wilson. Much stress is probably laid upon service in behalf of peace, while the blood of the people was stirred by the excitement of war and the possibility of entanglement with the belligerents whose activity necessarily interfered with neutral rights and obligations. The diplomatic record of the administration in this severe and prolonged exigency has been such as to command confidence. This should not be treated as in any sense a partisan matter, but it can hardly be weighed in favor of the Administration with thinking people, and with those who are instinctively in favor of fair judgment. The opponents of the Administration would do well not to underestimate the advantage of this to the party in power. It will be difficult to offer convincing reasons for a change, and there will be a feeling averse to shifting to a new course not tested by experience.

The Great Harmonizer.

(New York Times.)
That delegate to the Progressive National Convention whose adoration tripped up his consorts spoke better than he knew when he talked of "Tall of Saraua." The relentless persecutor of the "crooks" and "burglars" is sweet as summer to them now. Abused and abuser are

now brethren in unity. The Dictionary of Cooperation will pour forth its shrapnel words on new foes. Who that recalls the furious cannonading of 1912 but is astonished and edified by the blessed peace now patched up between those deadly opposites? Mr. Roosevelt went up and down the land, blasting with all his dynamite Mr. Taft and his works. The types all but melted in the fury of that polemic. Mr. Taft and his defenders responded, if with less temperamental energy, with no feeble curtain of fire.

In this first bright flush of concord, amid these tender strains of harmony this millennial scene when the wolves of 1912 are bleating and the lambs of 1913 are howling, it would be cruel to collect specimens of the compliments which the Progressives and the Republicans paid one another four years ago. An innocent student of political manners could not but be convinced, if he believed the asperities he heard, that each side was worse than the other. But allowance must always be made for the conventions of political faction and its unlimited license. To free the soul by conscious fierce speech against your adversary is a fashion and luxury. But no politician can be happy wandering in the desert. Bitter as tribal quarrels are, union for the spoils is only a question of time. The seceding chief of 1912 now drips with good will. He has blest Mr. Hughes. He is ready to bless Mr. Taft. That amiable and forgiving gentleman is preparing to give him the kiss of peace. Mr. Taft is no longer a "Buchanan."

Fourth of July Thoughts.

(Ohio State Journal.)
Patriotism means love of one's country. When a man sincerely loves a friend he wishes always to see that friend act with justice and tolerance and patience and charity, for in these qualities true happiness is rooted. And so it is with the man who truly loves his country. He wishes to see her always just and long-suffering, patient and merciful. These qualities in his friend or his country do not cause a man to wave his hat and cheer, as he might do if his friend, lacking the patience and the tolerance to ignore an insult from a weak and petulant neighbor, had given the offender a good pummeling. They are not so immediately inspiring as is an exhibition of physical prowess and superiority, but in the long run they make for lasting affection because they make for the respect upon which lasting affection is founded.

Yesterday was the 4th of July. All about us we see glorious evidences that the spirit of the day still lives in the hearts of our young men. Our brave boys in khaki love their country to the point of willingness to labor and suffer and fight and die for the dear old flag. God grant—that it is our prayer for the day—that a way may be found in honor to restore them to their homes and the pursuit of peace without the losing of the taking of a life. God give the noble, peace-loving man whose patient shoulders rests in these trying days the grievous burden of our national destiny the poise, the wisdom and the higher courage, among the slurs of the self-interested and the clamors of the excitable, to keep the footsteps of the nation in the paths of peace.

Van Buren, Democrat, the Victor in 1836.
VAN BUREN.

A GAIN the Democratic candidate was chosen by a convention, but no platform was adopted this year. The National Republican or Whig party had three candidates. The election was on Nov. 8, and the vote, counted Feb. 8, 1837, was: Martin Van Buren of New York, 170; William H. Harrison of Ohio, 73; Hugh L. White of Tennessee, 23; Daniel Webster of Massachusetts, 14; Willie P. Mangum of North Carolina, 11. Richard M. Johnson of Kentucky was chosen vice president. Popular vote: Van Buren, 701,549; Harrison, 736,654.

In the election of 1840 William H. Harrison, a Whig, defeated Van Buren. John Tyler of Virginia was chosen vice president. In 1844 James K. Polk, Democrat, of Tennessee, defeated Henry Clay, Whig. George M. Dallas of Pennsylvania was chosen vice president.

Did You Know
That gold has been known and regarded as the most precious of the metals from the earliest ages of the world, and has been universally employed as a medium of exchange? Previous to the great California discovery in 1847, Europe was to a great extent supplied with gold from Mexico, Brazil, New Granada, Chili, and Peru; a large quantity was also obtained from Asiatic Russia and the islands of the Indian archipelago; the east and west coast of Africa furnished a less but still considerable quantity. All these countries still produce gold, but their total yield, including Europe, is only about one-fourth that of California and Australia.

Severity of offerings gave the corn market strength. Signs pointed to continued active demand from the seaboard. After opening at 1.05 1/2, higher prices through undervalued something of a setback.
Oats were relatively weak. The reason was the conditions promised fairly well for a good crop. The market was virtually ignored.

JEFFERSON PLACE ADDITION

LOTS ARE BY FAR THE BEST REALTY OFFERINGS IN NEWARK.

BECAUSE—
of the location, and the altitude of Jefferson Place Lots insure freedom from dust, smoke and other nuisances.

BECAUSE—
the character of the people is such that you will always be sure to have no undesirable neighbors.

BECAUSE—
of the class of houses erected.

BECAUSE—
you can buy Jefferson Place lots now for much less than they are actually worth.

Buy either for a home or for an investment. We urge early inspection of the lots, as the number is limited. You may be better suited if you come this week, than if you wait until next.

ASTONISHING POWER OF IRON TO GIVE STRENGTH TO BROKEN DOWN NERVOUS PEOPLE

Physician Says Ordinary Nuxated Iron
Will Increase Strength of Delicate
Folk 200 Per Cent. in Two
Weeks' Time in Many
Instances.

NEW YORK, N. Y.,—In a recent dis-
course Dr. E. Bauer, a well known
specialist who has studied widely both
in this country and Europe said: "If
you were to make an actual blood test
on all people who are ill you would
probably be greatly astonished at the
exceedingly large number who lack
iron." The moment iron is supplied all
their multitude of dangerous symptoms
disappear. Without iron the blood at
once loses the ability to carry food
into living tissue, and therefore nothing
you eat does you any good; you don't
get the strength out of it. Your food
merely passes through your system like
corn through a mill with the rollers so
wide apart that the mill can't grind. As
a result of this continuous blood and
nerve starvation, people become gener-
ally weakened, nervous and all run
down, and frequently developed all sorts
of conditions. One is too thin; another
is burdened with unhealthy fat; some
are so weak they can hardly walk; some
think they have dyspepsia, kidney or
liver trouble; some can't sleep at night;
others are sleepy and tired all day;
some are fussy and irritable; some skinny
and bloodless, but all lack physical
power and endurance. In such cases it
is worse than foolishness to take stimu-
lating medicines, for they only whipe
up your flagging vital powers for the
moment, maybe at the expense of your
life later on. No matter what any one
tells you, if you feel weak, run down,
not strong and well you owe it to your-
self to make the following test: See
how long you can walk without becom-
ing tired. Next take two five-grain tablets of ordinary
nuxated iron three times per day after

meals for two weeks. Then test your
strength again and see for yourself
how much you have gained. I have
seen scores of the nervous, run-down peo-
ple who were ailing all the time double,
and even triple their strength and en-
durance and entirely get rid of their
symptoms of dyspepsia, liver and other
troubles in from ten to fourteen days
time simply by taking iron in the
proper form, and this, after they had
in some cases been doctoring for
months without obtaining any benefit.
You can talk as you please about all
the wonderful wrought-up remedies, but
there is nothing like good old iron. It
puts color in your cheeks and good,
sound healthy flesh on your bones. It
is also a great nerve and stomach
strengthening and the best blood builder
the world has. The only doctoring that
the old forms of inorganic iron, like
tincture of iron, iron acetate, etc.,
often ruined people's teeth, upset their
stomachs and were not assimilated, and
for these reasons they frequently did
more harm than good. But with the
new iron, the newer forms of organic
iron all this has been overcome. Nux-
ated iron, for example, is pleasant to
take, does not injure the teeth and is
absorbed immediately by the system.

NOTE—The manufacturers of Nux-
ated iron have so much unbounded
confidence in its potency that they
authorize the announcement that they
will forfeit \$100.00 to any charitable
institution if they cannot take any
man or woman under sixty years of
age and increase their strength 200
per cent or over in four weeks' time,
provided they have no serious
organic trouble. Also they will refund
your money in any case in which Nux-
ated iron does not at least double your
strength in ten days' time. It is dis-
pensed in this city by Wm. A. Erman,
Evans' Cut-Rate Drug Store and all
other druggists.

LARGE CROWD AT THE LAKE FOR FOURTH

OVER 3500 TICKETS SOLD IN
THIS CITY BY INTERURBAN
—4000 FROM COLUMBUS.

Parking Space for Autos at a Pre-
mium — Buckeye Lake Yacht
Club Regatta a Success.

Buckeye Lake proved one of the
biggest attractions for the holiday
crowds of yesterday and it is prob-
able that it broke the attendance rec-
ord at the park on a holiday.

It was impossible to estimate
which brought the largest number
of people, the Ohio Electric lines or
autos. Over 3500 tickets were sold
from the local office for the lake and
Columbus reported a sale of over
4000. Zanesville in spite of the fact
that a big celebration was being held
in that city sent 1000 on the interur-
ban line. In all it is estimated that
nearly 30,000 were at the summer re-
sort, as the parking space provided
for autos proved inadequate and it
was found necessary to rent adjoining
fields.

Every cottage was open and most
were filled to capacity with house
parties for over the Fourth.

All the attractions had an enor-
mous patronage, and those desiring
to dance found it almost impossible
to get on the dancing pavilions. The
crowd was an unusually orderly one,
and nothing marred the pleasure of
the day.

The electric lines handled the

crowds well, with as high as seven
cars leaving the lake at one time.

The regatta of the Buckeye Lake
Yacht club consisting of seven events
entertained a number of the visitors,
with the Woodlun winning two sail-
ing events. The five motor boat
races were won by as many contest-
ants.

Conditions for motor boat racing
were excellent, but the breeze was
hardly stiff enough to make the sail
boat races a big success. Results:

Two-cylinder power boats (eight
entries)—Hornet, R. W. Davis, first;

AN OPEN CHALLENGE.
To Hon. Walter A. Irving.

Recognizing you as a Hughes man
from away back, I hereby challenge
you to meet me in a public debate at
as early a date as may suit you on
the political issues of the year 1916
—provided we can secure an audi-
ence room without expense. Or if
you prefer, you may make the ques-
tion in the more direct form:
"Should Charles E. Hughes be Elec-
ted President of the United States to
Succeed Woodrow Wilson?"
Yours sincerely, M. R. Scott.

CROWD ENJOYS EXERCISES AT WHITE FIELD

With a crowd of 2,000 present the
patriotic and athletic program at the
White Athletic Field Tuesday after-
noon was one of the most memorable
of local Independence Day celebra-
tions. The address of Prof. C. L.
Williams was preceded by the invoca-
tion of Rev. Grover L. Diehl and
Mayor Bigbee introduced Charles
N. Moore, attorney, who presided.
The Star Spangled Banner, played
by the Buckeye Band, was stirring
and inspiring in character, and was
well appreciated. The remainder
of the program was interpolated by
selections from the band. The Old
Guard, gallant veterans of the civil
war who marched around the public
square were taken to the field in
autos. Their presence and their
drills gave inspiration to the occa-
sion.

Prof. Williams in his happy way
gave a stirring patriotic address
which was much appreciated. The
folk dances by the girls of the
Heisey Playground and the White
Athletic Field showed much train-
ing. Ten girls of the Heisey play-
ground, dressed in orange dresses
with butterfly wings, presented the
butterfly dance, and ten other girls
from the same playground, dressed
in picturesque Grecian costumes,
presented the Piper Pan dance in
classic fashion. The girls of the
White Field, 14 in number, dressed
in flowing cream-colored costumes
and with pink and blue bands
around their hair and waists, gave
the May Pole dance, and 24 other
girls presented a flag drill. The ac-
companiment for these dances was
furnished by a phonograph loaned by
John J. Carroll for the occasion. Mr.
Carroll, also, had pictures of the
dances taken by Mueller the photog-
rapher.

The winners in the athletic events
were the following:
Fifty-yard dash for boys of ten and
under, first prize, Gilbert Ratan;
second, Stewart Donett; third, Ken-
neth Tausher; 50-yard dash for girls
of ten and under, first Mary Verian;
second, Marie Fenigan; third, Ethel
Becket; 100-yard dash for boys
from 11 to 15, first, Wayne Jordan;
second, Paul McCormick; third, Lyle
Sanderson; 75-yard dash for girls
from 11 to 15, first, Lela Hindron;
second, Justine Madden; third,
Catherine Emery; 100-yard dash for
Boys of 15 and over, first, Paul
Mossman; second, Chr. Tausher;
third, Carl Beaudom; fat men's 50-
yard dash, first, C. G. Perry; second,
R. H. Shop; married women's 50-
yard dash, first, Mrs. Marie Pikes;
second, Mrs. Lucas Lara, third, Mrs.
Minnie Weaver; married men's 100-

Amusements

The Auditorium
Nancy Boyer and her company
continue to delight large crowds at
the Auditorium despite the warm
weather. Tomorrow afternoon by
special request, Miss Boyer will re-
peat "A Woman's Way" and as a
special treat to the ladies, Miss
Boyer will give free to every lady
attending a very interesting book
written by Miss Boyer entitled, "How
I Came to Go Upon the Stage." The
book is handsomely illustrated, has
a beautiful half tone photo of Nancy
and will make a unique remembrance
of Nancy's farewell engagement.
Tomorrow night "A Pair of Sixes"
will be offered. Tonight "The
Truth" will be presented.
The big Auditorium was packed,
matinee and night yesterday to ca-
pacity. Last night Miss Boyer pre-
sented "Jerry" and won instantane-
ous favor with the audience. Her

DE PALMA WON AUTO DERBY AT FT. SNELLING

Ft. Snelling, Minn., July 5.—Ralph DePalma yesterday won the 150-mile automobile derby; Johnny Alken was second and H. Christensen was third. The time was one hour, 35 minutes and 49 21-100 seconds. DePalma's average speed was 91.05 miles per hour.

The start of the race was delayed two hours while speedway promoters, drivers and officials of the American Automobile Association conferred regarding prize money.

At the hour set for the race the drivers announced they would not start until the \$20,000 prize fund had been placed with the association officials or other adequate guarantee provided. Finally \$8,000 in cash was raised, a check for \$12,000 given and an order for speedway bonds to the extent of \$100,000 issued as a guarantee for the check.

The gate receipts were said to be small. Because of the late hour of starting it was necessary to abandon the 20-mile, 40-mile and 10-mile races included in the program.

NEW MOTORCYCLE RECORDS MADE ON DIRT TRACK

Dodge City, Kan., July 5.—A new record for riding a motorcycle on a dirt track was made by Irvin Jenke of Milwaukee, who won the 200-mile race here, yesterday, according to announcement of the officials of the Speedway Association. Jenke's time was 3 hours and 46 minutes 26 seconds.

It also was announced that the 200-mile record for a dirt track was lowered by Jenke, who made the distance in 2 hours, 28 minutes 22 seconds, said to be five minutes 36 seconds faster than the record made by Otto Walker in 1917, and also that the 100-mile dirt track record was lowered by Floyd Clymer of Greeley, Colo., whose time was 1 hour 12 minutes 45 seconds, one minute and 23 seconds better than the former mark.

Fitzsimmons Team Defeats Hewitts

The Fitzsimmons team had no trouble defeating the Hewitts of Columbus in the Capital City league here yesterday afternoon by the score of 9 to 1. The hitting of the home team and the work of Orendorf on the mound for Newark featured the game. Score: Newark, 9; Hewitts, 1. Orendorf, 3; off Selbaugh, 1. Struck out—By Orendorf, 9; by Barnett, 6. Double plays—Ross and Ashley; Manger and Orendorf. Hit by pitcher—Davis, Barnett. Umpires—Taylor and Bruns.

GRIFITHS SHADES WHITE

Canton, July 5.—Johnny Griffiths, Akron lightweight, shaded Charlie White of Chicago here yesterday in 12 fast rounds. Griffiths outboxed his opponent, the latter failing in his efforts to get the Akronite to slug, excepting in the eighth round. In that round White made Griffiths look bad, but the Akron lad resumed his boxing tactics in the rest of the fight and maintained an edge on points.

DUNDEE AND HAMMER DRAW

East Chicago, Ind., July 5.—Ever Hammer of Chicago held Johnny Dundee, New York lightweight, to a draw in a fast 10-round contest here yesterday, according to the majority of newspaper experts. The boxers weighed in at 135 pounds.

WELSH FOULED BY WALGAST

Denver, July 5.—Freddie Welsh, lightweight champion of the world, was fouled by Ad Walgast, the former champion, in the 11th round of a scheduled 15-round, no-decision bout here last night.

DILLON WINS IN FOURTH

Dewey, Okla., July 5.—Jack Dillon of Indianapolis, Ind., knocked out Jim Flynn, the Pueblo fireman, in the fourth round of their scheduled 15-round bout here yesterday.

New York is to have a \$5,000,000 endowment dental dispensary and institution for dental research.

SPORT NOTES

Detroit — The Detroit dog show, conducted under the auspices of the American Kennel Association, which opened June 27, was considered the most successful exhibition of its kind ever held in Michigan. Dogs from all over the state were on display and the entries of local enthusiasts were valued at more than \$100,000.

Ann Arbor, Mich. — Although disappointed over their failure to land Loomis and Landers, the star athletes of the Oregon High School athletic authorities of the University of Michigan have been cheered by the announcement that Earl Brooks, the sensational pitcher of the Saginaw high school team, is to enter the university.

Detroit — At a recent meeting in Detroit, Commodore Emil G. Schmidt of the Interlake Yachting Association, announced that all the clubs in cities bordering the lakes had promised to compete in the annual regatta at Put-In-Bay, Ohio, July 16-21.

Cleveland — Ralph Jelinek, 20-year-old boy pitching for the Men's Row team of the Halls Bros. league, has hung up a nifty record for himself. This lad recently pitched two no-hit games on successive Sundays, a feat that has never before been equaled. In 1879, J. L. Richmond, pitching for the Worcester club of the old National League, pitched two no-hit games in one season. They were hurled against Chicago on June 2 and Springfield on July 28. Since that time no pitcher ever has pitched two no-hit games in one season. Both Richmond's wins of the no-man-reach-first variety. Young Jelinek has won seven straight games for his team. He fanned 94 men, an average of 13 2-7 per game. In the first three games of the season he fanned 44.

Fire at Bottle Plant.
 Wednesday morning at 5:05 o'clock one of the large tanks of molten glass at the American Bottle company burst, letting the glass flow to the concrete floor below, and causing all fire stations to respond to the call. The flames did not spread, and no damage resulted. The glass was soon cooled by the fire department.

Resumes Active Practice.
 A. A. Taylor, formerly of 144 East Main street, and the Newark Trust building, has resumed active practice as a nerve specialist and has opened an office at 47 1-2 Hudson avenue. Mr. Taylor partly abandoned his practice several months ago for another branch of business but recently decided to go back to his profession.

Arm Fractured.
 Ronald Wollard, son of Mr. and Mrs. W. C. Wollard, of 143 Fleek avenue, suffered a fracture of his left arm, while playing on the Fleek avenue bridge, Monday evening. The boy was attempting to climb up the iron work of the bridge, when he slipped and fell a distance of 20 feet. Dr. G. H. Miller was called and reduced the fracture.

Ford Car Stolen.
 A Ford car belonging to Patton & Ross of Johnstown, O., was stolen from Buckeye Lake Park yesterday, during the Fourth of July celebration. The owners of the car have asked the Newark police to be on the lookout for the car with license No. D-304 hung on the radiator with a heavy cord. A reward of \$25 is offered for the recovery of the car and \$75 for the arrest and conviction of the thief or thieves.

PENNSY RAILWAY APPEALS TO MEN; B. & O. CHANGES

The Pennsylvania Railway has made an appeal to its 225,000 employees, both by letter and through posters in all its offices, regarding the demands of the freight trainmen for an eight-hour day and time and one half for overtime. These trainmen are now being polled for a strike. The appeal says: "No just reason for this interrupting the service exists. The railroads have offered to arbitrate every question raised by the demands which have been presented. The representatives of the men, however, rejected this offer and have issued strike ballots. The management of the Pennsylvania Railroad system earnestly hopes: "1. That men receiving ballots will vote against a strike. "2. That all other employees will use their influence to that end. "Such a course will preserve to each one of the unbroken earning power; to the public uninterrupted service; and to the railroads continuance of the earnings by which alone it can perform its public duties."

The appeal is signed by President Samuel Rea. It is understood that in spite of the slim chances of the votes of the 300,000 freight trainmen throughout the country being for a strike the Pennsylvania has practically mobilized a force from its offices and various departments that will be able to handle all Pennsylvania freight trains in case a strike eventually occurs.

New Plan Announced.
 For the purposes of operation, the properties of the Baltimore and Ohio Railway company were rearranged yesterday as to territories, jurisdictions and designations as follows: Eastern Lines, Western Lines and New York Terminal Lines—Each grand division so indicated will be in charge of a general manager, with general superintendents in charge of districts and superintendents in charge of divisions, as follows:

Eastern Lines—Maryland district, Philadelphia, Baltimore, Shenandoah and Cumberland divisions; Pennsylvania district, Connellsville, Pittsburgh, Newcastle and Cleveland divisions; West Virginia district, Monongah, Wheeling and Ohio River divisions.

Western Lines—Southwest district, Ohio, Indiana, and Illinois divisions; Northwest division, Newark and Chicago divisions.

New York Terminal Lines—Terminals in New York City and Brooklyn; Staten Island Railway company, and Baltimore and New York Railway company.

Troop Train Enroute.
 The B. & O. railroad company Tuesday handled 11 cars of Battery B. O. N. G. of Akron to Columbus. The train passed through Newark at 11:40 Tuesday morning.

Passenger Traffic Heavy.
 Passenger traffic on both the local B. & O. and Pennsylvania lines yesterday was unusually heavy on account of many Newark people leaving town to spend the Fourth.

Dynamometer Car Here.
 The B. and O. dynamometer tonnage car, passed through Newark early this morning enroute from New Castle Junction to East St. Louis. The car when in operation is attached to the engine and the heavy tonnage of the train and just what the draw-bar pull is, is registered in the car.

Leaves on Vacation.
 Guy F. Wright, chief train dispatcher, of the local division of the B. & O. railroad company, will leave Thursday for a two-weeks' vacation trip to Baltimore, Boston, Albany, New York and other points of interest in the east. During his absence Dispatcher J. T. Mendenhall will act as chief dispatcher.

It Is Spelled G-E-T-S--I-T

All Reliable Druggists Sell It and Won't Try to Pawn Off Something Else on You.

There's no other corn-cure in the world that does the work of "G-E-T-S--I-T." Get's It success has made unscrupulous imitators green with envy, so they try to sell worthless stuff with names that sound like "G-E-T-S--I-T." Don't let them fool you.

When corns make you almost "die with your boots on," when you've soaked them and picked them and sliced them, when corn-swalling salves, and tapes, bandages, and plasters that make corns pop-eyed have only made your corns grow faster, just hold your heart a moment and figure this: Put two drops of "G-E-T-S--I-T" on the corn. It dries at once. You can put your shoes and stockings on right over it. The corn is doomed. It makes the corn come off clear and clean. It's the new, easy way. Nothing to stick or press on the corn. You can wear smaller shoes. You'll be a joy-walker. No pain, no trouble, no need of doctor. "G-E-T-S--I-T" is sold by druggists everywhere, 25c a bottle, or sent direct by E. J. Lawrence & Co., Chicago, Ill. Sold in Newark and recommended as the world's best corn remedy by T. J. Evans, W. A. Erman and C. T. Bricker.

CARRANZA NOTE

(Continued from page 1)
 better results can be accomplished by direct negotiations. The Mexican note does not make the specific explanations of orders given to General Trevino sought by Secretary Lansing's last communication. General Carranza had been informed that the order to attack General Pershing's men if they moved east, south or west in Mexico was construed here as an act of deliberate hostility.

(Associated Press Telegram)
 Washington, July 5.—The crisis between Mexico and the United States virtually came to an end today when a friendly and conciliatory note from the de facto government was handed to Secretary Lansing and promptly communicated to President Wilson.

Formal statement of the attitude of the Washington government must await the President's action, but there is no doubt in the minds of officials that the way has been opened for an amicable adjustment of the dispute as to the border situation which brought the two governments to the verge of war.

Secretary Lansing himself would make no comment. He gave the impression, however, that Gen. Carranza's suggestion that there is no pending question between the governments which cannot be readily answered by friendly negotiations, meets with quick sympathy here.

Mr. Lansing is known to share President Wilson's desire that hostilities be avoided if there is any possible way to safeguard American border interests without a clash with the Carranza government. The new Mexican communication so plainly indicates a similar desire, that a further interchange of views is expected to begin immediately looking to joint efforts to curb border bandits and other irresponsible agencies that have worked to embroil the two governments.

High officials were much impressed by the complete change in tone shown in General Carranza's note. It was described by one, as "more than conciliatory." There seemed to be no disposition to doubt that the United States on its side would be willing to arrange for the early withdrawal of the expeditionary force from Mexico.

With more than 150,000 regulars and national guardsmen soon to be available for border patrol work, the necessity for keeping General Pershing's columns any great distance beyond the line has lessened, according to many officials. Ample forces are at hand to control the situation, even if the Mexican troops now assembled in Northern Mexico are unable immediately to guarantee protection from raiders. In any event, it was pointed out, it will be impossible for any considerable force of bandits to assemble for an attack across the lines as the raid on Columbus, N. M., if Gen. Carranza carries out the promises made in his note "to employ all efforts" that may be at his disposal to avoid the recurrence of new incidents which may complicate and aggravate the situation.

Brief and free from all superficial language of diplomacy the communication points to the release of the American troops captured at Carrizal as proof of the Mexican government's sincere desire to avoid a conflict; states as the outstanding issue the reasonable belief of the United States that the insecurity of its frontier is a source of difficulty and on the other hand the belief of the Mexican government that the presence of American troops in Mexico is a trespass on that country's sovereignty and the immediate cause of trouble.

In offering to consider in a quick

and practical way, the remedy which should be applied the note gives notice that Mexico has accepted in principle Latin-American offers of mediation and awaits information that the United States is disposed to accept mediation or still is of the belief that the same results may be attained by direct negotiation.

Assurances are given that in the meantime the de facto government will employ every effort to avoid a recurrence of incidents which would complicate and aggravate the situation and the hope is expressed that the United States will endeavor to have its military and civil authorities do likewise.

This is the reply of Carranza to the demands of the United States for a statement of his intentions. A specific response to the question of whether he stands upon the instructions of General Trevino to attack the American troops moving other than northward is evaded and there is no mention of the reprimand administered by Secretary Lansing in his note of June 20 on account of the offensive insinuations and language contained in Carranza's last demonstration demanding recall of the American troops.

FIRST PRIZE CAPTURED BY LOCAL TEAM

The drill team of the Newark Modern Woodmen of America, which journeyed to Zanesville yesterday to compete in the third annual central Ohio Moose field day, was awarded first prize and returned to Newark last night \$75 richer. More than 100 Newark people attended the meet which was held in fairground park.

The Newark boys made a wonderful impression on the judges and spectators for their splendid work which per cent was 96 1-2 perfect. The second prize was won by the Coshocton Moose drill team, which carried with it a prize of \$50. Their per cent was 90 1-2. Third money \$25 was pulled down by the Zanesville Eagles' team with a per cent of 85. Fourth prize for which there was money offered was taken by the Junior Order of Moose, of Zanesville.

Two \$5 prizes for tug-of-war contests were awarded to the Coshocton Moose team. In the grand review the Zanesville Eagles won first prize of \$15 and the second prize of \$10 went to the Coshocton Moose delegation.

In the competitive drills, the loving up hold by the Coshocton Moose drill team for the past two years, was won by the Zanesville Moose team and now adorns the walls of the Zanesville organization. There were two big street parades, one at 10:30 in the morning and the other at 7:30 last evening.

STECHER AND LEWIS WRESTLE FOR 5 HOURS

Omaha, Neb., July 2.—Joe Stecher, of Nebraska, and Ed (Strangler) Lewis, of Kentucky, had wrestled four hours and fifty-five minutes without a fall in their match here yesterday afternoon. The contest was called a draw.

The match was one of the greatest in history. The last hour's wrestling was done by the aid of lights from automobiles drawn up close to the mat-side.

At the end of four hours' work, as dark drew near, Referee Ed Smith, of Chicago, proposed that the match be temporarily discontinued and resumed Wednesday. To this Stecher readily agreed, but Lewis insisted that the match be fought to a finish. After another hour's work the referee called the match a draw and left the ring.

The match was held in the Fair Grounds and was witnessed by 18,000 spectators. The gate amounted to more than \$20,000.

Stecher was the aggressor all the way through, but was never able to get close enough to Lewis to get in his scissor lock.

FINE OF \$200 IS GIVEN SEAREY IN POLICE COURT

Charged With Selling Intoxicating Liquors Without a License—Other Cases Disposed of.

Two hundred dollars and costs was the fine imposed on Richard Searey, 88 South Second street, charged with selling intoxicating liquors without a license, in police court today by Mayor R. C. Bigbee. Searey was convicted on the testimony of Homer Loftman, farm hand, who alleged that he obtained one pint of whiskey from Searey at the latter's residence on last Sunday. L. C. Russell was the attorney for the defendant. Searey denied all of the statements of the witness for the prosecution.

Henry Brown, colored, charged with carrying concealed weapons, was bound over to the grand jury with bond fixed at \$150.

Four drunks were fined \$5 and costs.

The three deserters from company H, fifth regiment, were taken back to Columbus Tuesday by a special detail of the national guard.

SEASON IS DIVIDED BY THE CENTRAL

(Associated Press Telegram)

Grand Rapids, Mich., July 2.—President Emerson W. Dickinson, of the Central League announced today that because of the great number of postponed games to be played off in double headers the Central league season would be divided the first half season ending today and a new season starting tomorrow.

Dayton has been awarded the pennant for the first half season. If Dayton wins the pennant for the second half season it will get the 1916 pennant. If another team wins there will be a championship series between Dayton and the second winner. Forty-two games have been postponed in the league thus far this year and many doubleheaders would have been necessary if the original whole season plan had been adhered to.
